EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Donald J. Daley on 01/12/2004.

The application has been amended as follows:

In Claim 1: lines 17 and 18, "...operating position the current is applied..." has been changed to "...operating position, **when** the current is applied...--.

In Claim 26: lines 15 and 16, "...operating position the current is applied..." has been changed to "...operating position, **when** the current is applied...--.

In Claim 27: lines 14 and 15, "...operating position the current is applied..." has been changed to "...operating position, **when** the current is applied...--.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest, in combination with the claimed elements, a vacuum contactor with the operating element being deflected by the armature only while the armature is passing through the driving movement distance,

Art Unit: 2832

and wherein the vacuum contactor is adapted such that, for **any current less than the pull-in current**, the operating element either remains in the element rest position or is deflected completely to the element operating position when the current is applied to the drive coil.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
